

## **2019-2020 PREPAID FIGURE SKATING SWIPE CARD**

Prepaid Figure Skating is only available for skaters purchasing the equivalent of two (2) 25 minute sessions, per week, for 41 weeks, minimum of \$389.50 (Farmington Hills Residents) or \$430.50 (non-Farmington Hills Residents). By completing this application for prepaid figure skating, you agree to skate the minimum two (2) 25 minute sessions per week for the 41 weeks (Minimum 82 sessions). You have the option of fulfilling your obligation in full, with one payment, or splitting it into two payments.

Please remember that our swipe card system does not deduct dollar amounts, but rather visits. Application and payment for your visits is due no later than September 3, 2019. If you choose to split the payment, the payment for remaining visits is due no later than December 6, 2019. ***If the 2nd payment is not received by December 6, 2019, prepaid visits will be suspended until contract agreement is met and payment is received.***

Please note that by registering for the Prepaid Swipe Card and its reduced rates, you agree to the minimum requirement for the 41 week session. This minimum (82 sessions) is non-negotiable and is required to receive the discounted prepaid rates.

**Prepaid visits will not expire, as long as you fulfill your commitment of 82 sessions over the 41 week period.** If you do not skate the minimum visits (82), any remaining visits, up to the 82 sessions required, will expire on June 14, 2019, and will not be carried over. Once a skater has met the minimum requirement of 82 sessions, visits above that required amount will not expire and may be carried over to the following session.

Example 1 – Purchase 100 visits. Skate 85 sessions. 15 sessions will rollover to next session.

Example 2 – Purchase 82 visits. Skate 60 sessions. Remaining 22 visits will be wiped out.

Example 3 – Purchase 100 visits. Skate 65 sessions. 17 sessions will be wiped out (65+17=82 minimum) and 18 sessions will rollover to next session.

### **IMPORTANT REMINDER**

**If visits are not available on your card at the time you are skating, they WILL NOT be deducted at a later date. You will be required to pay the drop-in rate for that session. If drop-in is not paid at the time of skating, prepaid skating will be suspended until fees are paid in full.** Reasonable notice will be given to skaters once their account reaches 5 remaining visits. Forms are provided for skaters/parents to add necessary visits. You may ask for your account balance at any time to ensure your account does not reach zero.

**\*\*If you have left over sessions available at the end of a session they WILL roll over ONLY after you purchase a prepaid swipe card for the new session.**

In addition to this prepaid option, you will still have the ability to Drop-in and pay the drop-in rates during the 41 week session.
