

The Beautification Awards Program Nomination Form

Continuing the 31-year tradition, the City of Farmington Hills Beautification Commission will be recognizing various property owners, in the categories listed below, who make a special effort to create and maintain beautiful landscapes. **Award winners will be recognized at a ceremony on October 29, 2020. More information to follow.**

The Commission will only judge properties that have been nominated. Yes, you can nominate yourself! Use the form below and be as specific as possible, if desired include a digital photo emailed to ckettler@fhgov.com.

Commissioners will be looking for well-planned design, color, originality and maintenance. Additional consideration will be given to maintenance by non-professionals and environmental sensitivity. The **judging takes place in August** so make plans now!
