RE: Farmington Hills Emergency Medical Supplies and Equipment FH-19-20-2165

To Whom It May Concern:

Bound Tree would be like to move forward with the first of three available renewals of the City of Farmington Hills/ SMEMS Cooperative contract number FH-19-30-2164 "Emergency Medical Supplies and Equipment" for the period of February 12, 2023, through February 11, 2024. As part of the contract renewal, we would need to amend some of the contract pricing. All other portions of the contract will remain unchanged.

Several key supplier partners have notified us of recent price increases. These were nationwide increases, not just increases for Bound Tree. There are a few items on the contract affected by these increases. As a result, we are requesting a contract amendment to adjust the contract prices that have been impacted to reflect the direct pass-through of the manufacturer increases that cannot be absorbed. Vendor documentation, where available has been attached for your review.

There is no action you need to take if you accept the increases and substitutions; your contract will be amended, and you will continue to have access to the products. If you do not accept the current increases, please notify us on or before February 12, 2023, and the items will be removed from your contract.

We have attached a copy of the pricing in PDF and Excel format for ease of review. Thank you for your unwavering commitment to serving your communities and allowing us to be your trusted partner. We appreciate your partnership and your understanding of this situation. If you have any questions regarding these contract price changes, please reach out to your Bound Tree Account Manager our Contracts team by phone or email.

Sincerely,

William Waite

August 1, 2022

Dear Valued Curaplex Customer,

Our Curaplex brand is designed for customers like you who want the best value but are not willing to compromise on quality and patient care. Thank you for putting your trust in us.

As you are aware, this pandemic has put considerable pressure on the global supply chain with cost inflation of raw materials, labor, and fuel, etc., significantly impacting our product costs. Unfortunately, this will result in an increase across a number of Curaplex category segments effective on 8/1/2022.

We consistently evaluate our current products and manufacturing partners relative to quality, pricing and availability, as well as continuing to seek out new sources for the best products at the best price. We have been working diligently to satisfy the unprecedented demand and sincerely apologize for any disruptions you may have experienced.

Please know that Curaplex is more dedicated than ever to controlling the cost of care while delivering the quality and value that you know and trust. If you have any questions, please do not hesitate to contact me, your Bound Tree Account Manager or Customer Care Team.

Thank you for your continued patronage of the Curaplex portfolio.

Sincerely,

Dan Field
Curaplex Vice President & General Manager

Dear Valued Curaplex Customer,

Our Curaplex brand is designed for customers like you who want the best value but are not willing to compromise on quality and patient care. Thank you for putting your trust in us.

As you are aware, this pandemic has put considerable pressure on the global supply chain with cost inflation of raw materials, labor, and fuel, etc., significantly impacting our product costs. Unfortunately, this will result in an increase across a number of Curaplex category segments effective on 8/1/2022.

We consistently evaluate our current products and manufacturing partners relative to quality, pricing and availability, as well as continuing to seek out new sources for the best products at the best price. We have been working diligently to satisfy the unprecedented demand and sincerely apologize for any disruptions you may have experienced.

Please know that Curaplex is more dedicated than ever to controlling the cost of care while delivering the quality and value that you know and trust. If you have any questions, please do not hesitate to contact me, your Bound Tree Account Manager or Customer Care Team.

Thank you for your continued patronage of the Curaplex portfolio.

Sincerely,

Dan Field
Curaplex Vice President & General Manager

February 17, 2022

Dear Valued Dukal Partner,

Thank you for your continued support and partnership over the past 2 years. During that time we have collectively helped front line workers protect themselves against Covid-19, helped to fill important medical product shortages, and improved communication to ensure our mutual customers have better transparency into product availability and timing. We all have a lot to be proud of as the result of our work together.

Starting 2022 we are faced with the new challenge of global cost inflation of raw materials, labor, fuel etc, significantly impacting product costs. Due to these increases Dukal is forced to adjust pricing effective April 1st.

The current 10% Ocean Freight Surcharge on domestic orders will be eliminated on March 31st. This means any orders placed prior to 4/1 at the old price will be charged the Ocean Freight Surcharge, and orders placed on or after 4/1 at the new price will not. We hope the removal of the surcharge will streamline our business together and help you systemically in passing through the increases.

Our goal is always to help you, our channel partner, remain competitive with best-in-class quality, service, and prices. We sincerely appreciate your understanding. You can continue to expect clear, proactive communication from Dukal, and rest assured that we are doing everything in our power to minimize the impact on you, our partner.

Thank you and

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Brooks', with a stylized flourish at the end.

Chris Brooks

Senior Vice President, Sales

February 17, 2022

Dear Valued Dukal Partner,

Thank you for your continued support and partnership over the past 2 years. During that time we have collectively helped front line workers protect themselves against Covid-19, helped to fill important medical product shortages, and improved communication to ensure our mutual customers have better transparency into product availability and timing. We all have a lot to be proud of as the result of our work together.

Starting 2022 we are faced with the new challenge of global cost inflation of raw materials, labor, fuel etc, significantly impacting product costs. Due to these increases Dukal is forced to adjust pricing effective April 1st.

The current 10% Ocean Freight Surcharge on domestic orders will be eliminated on March 31st. This means any orders placed prior to 4/1 at the old price will be charged the Ocean Freight Surcharge, and orders placed on or after 4/1 at the new price will not. We hope the removal of the surcharge will streamline our business together and help you systemically in passing through the increases.

Our goal is always to help you, our channel partner, remain competitive with best-in-class quality, service, and prices. We sincerely appreciate your understanding. You can continue to expect clear, proactive communication from Dukal, and rest assured that we are doing everything in our power to minimize the impact on you, our partner.

Thank you and

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Brooks', with a stylized flourish at the end.

Chris Brooks

Senior Vice President, Sales

EMERGENCY MEDICAL SUPPLIES & EQUIPMENT AGREEMENT

THIS AGREEMENT, made and entered into this 11TH day February, 2020, by and between the City of Farmington Hills, Oakland County, Michigan, on behalf of the SMEMS COOPERATIVE and the MITN Purchasing Cooperative, Party of the First Part, hereinafter called OWNER, and Party of the Second Part,

BOUND TREE MEDICAL hereinafter called the CONTRACTOR.

WITNESSETH, that the Contractor and the Owner, for the consideration hereinafter named agree as follows:

ARTICLE I - THE WORK

It is agreed that the Contractor shall furnish all the labor, materials to deliver products shown and called for in the Request for proposals titled:

FH-19-20-2164 Emergency Medical Supplies and Equipment

(PROPOSAL IS ATTACHED)

the original request prepared by the City of Farmington Hills, Central Services Department, Oakland County, Michigan, acting as, and in said request for proposal entitled, the Contract Manager, and shall do everything required by the said request for proposal and Contract Documents referenced therein, which request for proposal and Contract Documents are incorporated herein as part of this Agreement by this reference as if fully set forth herein (the "work").

ARTICLE II - THE TIME

It is agreed that the Contractor shall begin work under this Contract upon receipt of written notice to proceed and that the contractor will fulfill all contract requirements for a period of **three (3)** years from date of contract award. It is further agreed that The City of Farmington Hills acting on behalf of the Southeast Michigan Emergency Medical Supplies Cooperative and MITN Purchasing Cooperative may opt to extend the pricing, terms and conditions of this contract for **three (3) one year renewals after the contract completion date.**

ARTICLE III - OWNER'S RIGHT TO CANCEL

It is agreed that if at any time the Contractor should abandon this work; or if he should be adjudged a bankrupt, or if his performance of this Contract is being unnecessarily or unreasonably delayed; or if he should make a general assignment for the benefit of his creditors; or if a receiver should be appointed on account of his insolvency; or if he should persistently or repeatedly fail to fulfill portions of the contract requirements the Owner shall have the right to cancel the Contract with seven ten (10) days written notice. Failure to perform specified duties listed herein after two (2) written notices shall constitute grounds for cancellation

ARTICLE IV - ASSIGNMENT OF CONTRACT

It is agreed that the Contractor shall not assign or transfer this Contract or sublet any part of the work embraced in it, except with the written consent of the Owner to do so.

ARTICLE V - THIRD PARTY BENEFICIARIES

There are no third party beneficiaries to this Agreement, and nothing expressed or referred to in this Agreement will be construed to give any person or entity other than the parties to this Agreement any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. This Agreement and all of its provisions and conditions are for the sole and exclusive benefit of the parties named.

ARTICLE VI - THE CONTRACT SUM

And it is agreed that, in consideration of the faithful and entire performance by the Contractor of his obligations under this contract, the Owner, shall pay to him, at the time and in the manner hereinafter stipulated, an amount as determined by the measured quantities and the respective unit prices herein named within thirty (30) days of receipt of the Contractor's invoices. Requested to do so, supported if requested, by sworn statements, satisfactory evidence that all persons who have supplied

labor. It is further agreed that volume estimates listed in the specification document are as such just estimates and that the Owner will not be held responsible to meet any volume estimate listed to receive contract pricing.

The person representing the Contractor who will submit written invoices for payment is designated as:

Kristen Chapman. The person representing the Owner to whom invoices are to be submitted and questions regarding payment shall be designated by each entity after award.

It is agreed that no issues regarding payment of invoices shall affect the delivery of goods and services No orders shall be held by the Contractor by the Owner shall be deemed or construed as an acceptance of any part of the work under this contract.

IN WITNESS WHEREOF, the parties have caused these presents to be signed personally or by their duly authorized officers or agents and their seals affixed and duly attested the day and year first written above for **Emergency Medical Supplies and Equipment**.

EMERGENCY MEDICAL SUPPLIES AND EQUIPMENT

Section A - General

QUALIFICATIONS, HISTORY, OVERVIEW

BOUND TREE MEDICAL'S QUALIFICATIONS

ABOUT BOUND TREE MEDICAL

Bound Tree Medical originated in 1978, when David Currier, an entrepreneur, politician and former Emergency Medical Technician, started a small emergency medical supply company in Henniker, New Hampshire.

DECADES OF GROWTH

A strong reputation for quality products and reliable customer service helped the company flourish throughout the 80s, 90s and early 2000s. A series of strategic mergers and acquisitions further stimulated the company's growth. Pharmaceuticals and specialty I.V. therapy products for emergency medical services (EMS) care providers were added to the product mix, and Bound Tree continued expanding its services for the EMS market. In 2008, Bound Tree Medical and Tri-anim Health Services, Inc., another well-respected medical supply company, became subsidiaries of Sarnova, Inc, a leading specialty provider of healthcare products across the EMS and acute care continuum.

WHAT IT MEANS FOR YOU

With 40 years of experience, Bound Tree Medical truly understands the EMS industry. We are passionate about EMS and the communities they serve. With over 27,000 products from 600 manufacturers, the breadth and depth of our organization enable us to provide you with a full spectrum of quality EMS products and resources — efficiently and cost effectively.

BOUND TREE MEDICAL TIMELINE

- 1978** – Founded by David Currier in Henniker, New Hampshire.
- 1995** – Merged with ALS in Tempe, Arizona to become Bound Tree/ALS.
- 2001** – Merged with Parr Emergency Products, in Galloway, Ohio to become Bound Tree Parr, LLC.
 - Acquired PMX Medical, the emergency medical business of Pro Med Company, located in Salt Lake City, Utah; changed name to Bound Tree Medical, LLC.
- 2002** – Entered into a long-term strategic agreement with Sun Belt Medical Supply, Inc. for the supply of pharmaceuticals and related products to the pre-hospital marketplace.
- 2007** – Bound Tree Medical Europe Ltd acquired the assets of Galls® Europe Ltd; appointed a distributor of Galls® and DynaMed™ throughout Europe.
- 2008** – Became part of new holding company, Sarnova, Inc.
- 2009** – Acquired Blue Ridge Medical, Inc., a national supplier of pharmaceuticals to the EMS community.
- 2011** – Acquired Alliance Medical, Inc. (AllMed).
- 2013** – Acquired Progressive Medical International (PMI).
- 2018** – Bound Tree celebrated 40 years of being Your Partner in EMS.

BOUND TREE MEDICAL'S ABILITY

Bound Tree recognizes and understands the challenges that City of Farmington Hills is facing today and believe we can provide solutions and services to help mitigate and solve many of them. We will offer you 100% of our resources and abilities. There is no other company that can offer the same combination of competitive pricing, exceptional customer service, online ordering, disaster preparedness, inventory solutions, reporting, and exceptional fill rates as Bound Tree. As Your Partner in EMS for 40 years, we've made it our mission to help you save minutes and save lives. We strive to understand your unique needs and provide you with the right products, services and support.

THE RIGHT PRODUCTS

Curaplex® by Bound Tree – Aside from offering national, well-known brands, Bound Tree's Curaplex portfolio of products offers significant savings over name brand products and enables providers to deliver quality treatment at a better overall value. We stock over 2,300 Curaplex items in 13 categories to maximize savings on products you use the most.

Pharmaceuticals – Bound Tree sells a full line of EMS pharmaceuticals including Class II, III, and IV scheduled drugs. As a leader in the industry, we have VAWD accreditation from the National Association of Boards of Pharmacy and are compliant with FDA Pedigree requirements as set forth by the Drug Supply Chain Security Act. We also provide weekly pharmaceutical backorder reports with up-to-date industry information.

Recertified Equipment – Bound Tree's offers recertified AEDs, defibrillators, ECG monitors, infusion pumps, pulse oximeters, suction units, ventilators and vital sign monitors from leading manufacturers. Our highly-trained biomedical technicians painstakingly recertify all critical care equipment to ensure a quality product at a savings up to 50% of new equipment. This will be beneficial when you are in need of service on your IV pumps or if you find the need for additional ones.

THE RIGHT SERVICES

Operative IQ Inventory Management – Operative IQ improves productivity by connecting the functional areas of your operation. It allows people to share information, reduce labor hours and material costs, improve service levels and communication, and make informed business decisions.

UCapIt Controlled Medical Supply Dispensing – UCapIt allows EMS, Pharmaceutical and other medical professionals the ability to restock their units 24/7 and have real-time usage and inventory tracking. Annual savings using the UCapIt dispenser have been realized up to 30% related to shrink, expiration management and overhead.

Controlled Substances Ordering System – The Controlled Substances Ordering System (CSOS) was developed by the DEA for the electronic transmission of Class II controlled substances orders. This allows for a significant reduction in the number of ordering errors, faster transaction times and lower costs due to order accuracy and decreased paperwork.

THE RIGHT SUPPORT

Sales Support Team – City of Farmington Hills has a dedicated local Account Manager, who along with being readily available, will provide quarterly business reviews to maintain performance, maximize results and adjust to any changing needs and requirements Farmington Hills may have. Our Customer Service Team is trained and available 7:30 am – 8:00 pm ET to respond to customer inquiries regarding items, availability, shipment, delivery, and product substitutions when needed in the event of longer term backorders.

Bound Tree University – Our Bound Tree University website provides over 15 hours of FREE, accredited CEUs to help drive employee retention and on-going training.

THE RIGHT INFRASTRUCTURE

BoundTree.com – The Bound Tree website offers convenient 24/7/365 access to product information and ordering, supply lists, order history, electronic requisitions and email notifications. We also offer Electronic Data Interchange (EDI) compatibility.

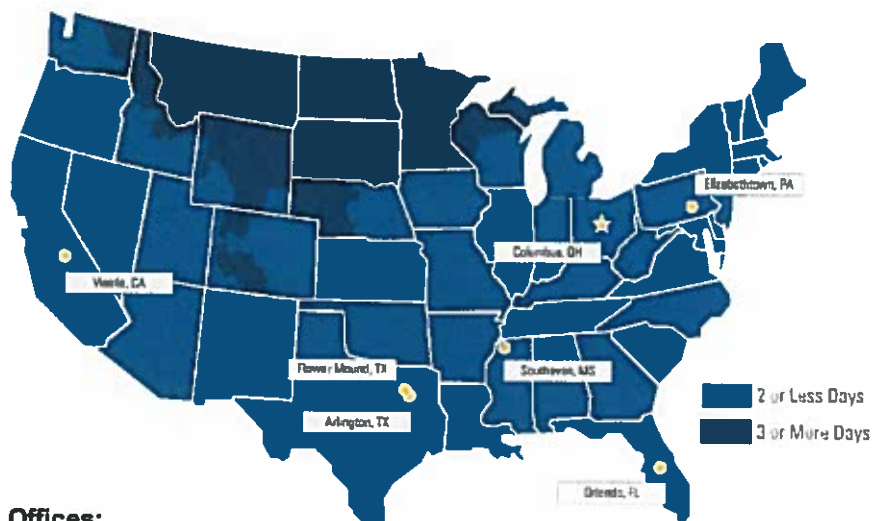

Nationwide Distribution – Bound Tree operates 5 distribution centers strategically positioned across the country for operational efficiency and disaster response. On average we maintain \$6.5Mil inventory level at each distribution center. Ninety-six percent of all of our customers can be reached using UPS Ground within 2 business days.

Medical Device Kitting – Aside from having a large distribution center in Visalia, CA, Bound Tree also operates an FDA approved & ISO Certified medical device kitting facility in Flower Mound, TX. There is an extremely wide variety of standard kits available, as well as the ability to produce custom kits.

Disaster Support – Call Bound Tree's Disaster Support Hotline at 800-863-0953 to report major incidents and identify medical supply needs. Once reported, Bound Tree Medical personnel will take immediate measures to assist in relief efforts. Our Disaster Response Team was activated several times during the recent hurricanes helping to supply relief efforts.

DISTRIBUTION CENTER INFORMATION

Bound Tree operates 5 distribution centers strategically positioned for operational efficiency and disaster response. 96% of all of our customers can be reached using UPS Ground within 2 business days.

THE RIGHT SUPPORT

Bound Tree is committed to providing City of Farmington Hills with best-in-class support. This includes a dedicated team focused on your success. Farmington Hills will have ready access to your account manager and our manufacturing partners for help in in-service training at no cost.

EDWARD DRAPER – ACCOUNT MANAGER

Ed has been involved in the EMS industry for 20 years, starting as a firefighter cadet. Until recently, he was the Director of EMS for an ambulance service in Northern Michigan. He is a licensed Paramedic and EMS Instructor Coordinator who has a passion for leadership and teaching. He has been with Bound Tree Medical for approximately a year. He is a committed Account Manager who was born and raised in Michigan and strives to provide even more value to his customers with extraordinary service, industry and product experience, and our superior product offering.

DONALD ADAMS – REGIONAL SALES DIRECTOR/RSD

Don has over thirty years of Municipal, Fire, and Private EMS experience as a licensed Paramedic and Instructor Coordinator in the State of Michigan. Don is a past president of the Michigan Association of Ambulance Services and was the 1996 Michigan Paramedic of the Year. He joined Bound Tree in 2012 as an Account Manager and was promoted in 2016 to Regional Sales Director, covering the central part of the United States. Don's goal is simple – to help all of his account managers and their customers create a valued partnership that helps bring better products and care to the patient.

TIM RUBERT – VICE PRESIDENT OF SALES

Tim is the Vice President of Sales for Bound Tree Medical overseeing a team of 72 field account managers and inside sales representatives specializing in pre-hospital (EMS) sales. He has over 20 years of executive sales management, product management and marketing experience. He holds a BS degree in Mathematics from the US Coast Guard Academy and a MS degree in Operations Research & Statistics from Rensselaer Polytechnic Institute.

LISA JUSTICE – CUSTOMER SERVICE REPRESENTATIVE

As the Customer Advocate Supervisor and 24 years' experience, Lisa has been heavily involved in developing and documenting procedures and training for the department. Customer Service Advocates not only take orders and answer questions but take it a step further in analyzing your account to better our service to you. We work closely with purchasing and your Account Manager to monitor inventory levels and demands to ensure you receive the products you need in a timely manner.

VERNON BURKET – WAREHOUSE OPERATIONS MANAGER

Vernon has over 25 years of operations management experience in multiple industries and widely varying environments. What Vernon enjoys most about his job is working alongside our operations team to ensure we are providing the right product to our customer, on time, as promised. Vernon also enjoys coaching and mentoring his team to achieve their professional ambitions."

AL CUCKLER – COLLECTIONS ANALYST

Al has been with Bound Tree Medical for a little over 7 years as the credit & collections analyst for the West region. He also provides as backup to our sister company; EMP. Prior to Bound Tree, Al worked for Cardinal Health in the same position, also serving the West region.

CHRIS FYFFE – MANAGER, BIDS & CONTRACTS

Chris has been with Bound Tree for four years, and brings over six years pricing experience. Prior to working with Bound Tree, he worked as an Analyst in transportation logistics and retail management. His goal is help all of his account managers and their customers create a valued partnership that helps bring better products and care to the patient.

Thank you for taking the time to review my resume. Jim Collins discusses finding the right people to put on your "bus" and getting the wrong people off of your "bus"; lets start a conversation to determine where we stand in this ideology.

If given the opportunity to speak further, you'll find that I am a proactive visionary who enjoys using analytics to increase efficiency, reduce costs while increasing profit, and better those around me.

I believe character is the most important attribute someone can have, which means I pour my heart into ensuring I say what I mean and mean what I say. I expect others to hold themselves to this same standard. I admit when I'm wrong and learn each and every day.

I appreciate you and your time. I look forward to speaking with you in the future.

BOUND TREE MEDICAL CERTIFICATIONS AND PERMITS

The next several pages will detail our certifications and permits. We have also attached copies for your reference.

VAWD Certified State and Nationally Licensed

Several of Bound Tree's Distribution Centers have received VAWD (Verified - Accredited Wholesale Distributors) accreditation from the National Association of Boards of Pharmacy (NABP). VAWD accreditation is achieved after a criteria compliance review that includes a rigorous evaluation of operating policies and procedures, licensure verification, survey of facility and operations, background checks and screening through the NABP Clearinghouse. Our accreditation demonstrates that we are in compliance with state and federal laws and that our prescription drugs are distributed safely and securely.

For a complete listing of VAWD-Accredited Facilities, please visit:

www.nabp.net/programs/accreditation/vawd/vawd-accredited-facilities

Compliant with DSCSA Requirements

Under the Drug Supply Chain Security Act (DSCSA), entities in the supply chain including manufacturers, wholesale distributors, and dispensers have responsibilities to meet the requirements of the DSCSA. As of May 1, 2015 all wholesalers are required by law, under the DSCSA, to provide transaction information, transaction history and transaction statements for the pharmaceuticals that they supply.

Bound Tree is compliant with these FDA standards which helps improve patient protection by preventing the distribution of substandard or ineffective drugs and while providing our customers with the product and transaction information they need to be in compliance with the FDA standards.

Under the DSCSA you are responsible for knowing that your prescription drug wholesale distributor is an authorized trading partner who holds a valid state or federal license. Bound Tree Medical is licensed federally and in all 50 states. Purchasing from a licensed and VAWD accredited distributor like Bound Tree Medical makes great strides to ensure none of your purchases will ever be counterfeit, contaminated, improperly stored and transported, ineffective, and/or unsafe.

Wholesaler Distributor licenses can be searched online:

www.fda.gov/Drugs/DrugSafety/DrugIntegrityandSupplyChainSecurity/ucm281446.htm

Controlled Substance Ordering System (CSOS)

Class II Controlled Substances can be ordered through our secure electronic Controlled Substances Ordering System (CSOS) without the supporting paper DEA Form 222! The DEA's CSOS program is the only allowance for electronic ordering of Class II controlled substances. To participate in CSOS, the DEA registrant must first acquire a CSOS digital certificate from the DEA. Once the certificate is received, Class II orders can be placed through our secured website: e222.boundtree.com.

For more information about CSOS please visit: www.deacom.gov

Bound Tree will continue to accept paper 222 forms for those who wish to utilize that method for ordering.

Customer Service - customerservice@boundtree.com - 800.533.0523

13. Vendor(s) must have a distribution model capable of delivering products statewide and a demonstrated sales presence within the state of Michigan.

Does your proposal comply? Yes X No

14. Vendor (s) must have supplied products for public emergency response agencies, or commercial customers of similar size.

Does your proposal comply? Yes X No

15. Vendor(s) should be able to provide the full range of supplies and equipment to meet the demands of all Agencies that participate in the cooperative purchasing program.

Does your proposal comply? Yes X No

16. Generally describe your company's customer service strategy.

Bound Tree Medical has a dedicated team that processes all incoming orders as well as a group of

Customer Service Representative's answering phone calls to accept orders and answer questions.

We have a deep commitment to help those that help others, which is why customers have access

to real-time pricing and stock availability 24 hours a day, 7 days a week.

For more information, please see attached page 28

17. Provide a detailed overview of your ordering process. This overview will include information on how your company will handle orders as listed in section 34. It will include information of how to place said orders, delivery and any info on web order placement.

Orders may be submitted via phone 800-533-0523 , fax 800-257-5713 , email

customerservice@boundtree.com , on on the web www.boundtree.com . Accounts can be made online

and is where you can place orders, review order history, and run purchase summary reports when it is

convenient for you.

For more information, please see attached page 29

18. Provide information on your companies stocking capabilities.

Bound Tree Medical proudly has 5 warehouses located nationwide with full capabilities to receive, store and ship. We have a demand planning system to ensure products are delivered on-time.

For more information, please see attached page 24

19. Describe methods used to control and manage entity inventory. Include information on how your company manages obsolete items held by the entities.

Bound Tree Medical defines an item to be obsolete when there has been no movement for two years.

Once an item's sales have begun to decrease or slow down, the buyer may reach out to the vendor for a product return. If fees are assessed, Sarnova will absorb these costs for shipping and restocking.

For more information, please see attached page 24

20. Provide information on any additional discounts, purchasing incentive programs, or rebates your company offers. This can include be, but is not limited to, additional discounts based on volume increase, a Core Item usage incentive/rebate, an Internet usage incentive/rebate, a green delivery incentive/rebate or a volume incentive/rebate.

Additional savings can be realized with the purchase of UCapIt machines and Operative IQ software.

Please see attached pages 38-53

21. Provide information on added value opportunities that your company may offer. This can include but is not limited to training for new for products, hosting educational meetings for agency employees, providing leased equipment, etc.

Bound Tree Medical provides free CEUs at www.BoundTreeUniversity.com.

Please see attached page 56

22. Is your Company willing to extend pricing and terms given to the agencies listed in this agreement to other local entities which are part of our purchasing cooperative?

Yes X No

If "Yes" please complete the extension information below:

EXTENSION OF AWARD TO THE MITN PURCHASING COOPERATIVE

_____ is a member of the MITN
(Person, City, Township or Entity will fill in)

Purchasing Cooperative. If your company is awarded an items or a completed contract, the cooperative governmental entities may wish to use this contract and will use a purchase order or contract for any or all the item(s) awarded following minimum order/contract requirements set forth in the bid documents. Each entity will provide their own purchase order or contract and must be invoiced separately to the address indicated on the purchase order/contract.

If an award is made to Bound Tree Medical, LLC, it is agreed that
(Company)

The contract will be extended to any entity in The MITN Purchasing Cooperative under the same prices, terms, and conditions.

SHIPPING AND PRODUCT AUTHENTICATION

All orders are picked via Company pick ticket, which is used for quality, accuracy, customer verification and documentation.

Product with expiration dates are picked to ensure that product with the closest expiration date is shipped first ("first-expired/first-out" = FE/FO).

When the product is identified and picked, the picker verifies the product label against the pick ticket. This verification includes but is not limited to the following:

- Product item number, description, and NDC number.
- Product expiration date is verified as more than six (6) months remaining or per customer requirements.
- Product lot number or serial number.
- Unit of measure that has been ordered (example: each, case).

During the picking process, the product is carefully inspected for identity and to ensure the product has not been damaged, stored under improper conditions or has expired. After the order is picked, a quality check is performed to ensure that the following are accurate

The packing of product step is to ensure that the goods arrive to the customer without damage or any other integrity issues.

The packing process include the following factors:

- Verify product for accuracy.
- Ensure items are securely placed in proper shipping container.
- Ship product/order to customer via common carrier.

PRODUCT VERIFICATION

- Items ready for packing and shipping shall be inspected to verify that the proper product is being shipped, that the expiration date has not passed and that it is not damaged or has been held under improper conditions.
- Items shall be shipped in the original manufacturer cartons when appropriate. If items are repacked, proper cartons and packaging materials shall be used to minimize the chance of breakage or other damage to the contents.

SHIPPING PROCESS

Product is shipped by common carrier or may be shipped via a Company delivery vehicle.

All shipments of prescription products require signature by the customer upon delivery.

Prior to shipment/distribution, all outgoing shipment, specifically but not limited to prescription drugs, must be carefully inspected to verify identity and to ensure that there is no damage or product held under improper conditions.

DELIVERY OF PRODUCT AND SERVICES

Bound Tree Medical will be able to provide immediate access to medical supplies as required. There will be no delay in providing high-velocity items right away.

The only foreseen factors that could possibly inhibit or delay delivery of medical supplies are:

- **Manufacturing Backorders:** The local Bound Tree Account Manager will keep you completely apprised of any backorder situation, existing or imminent. As Chandler is acutely aware, this has recently been the case with pharmaceutical items. We will keep you constantly aware and offer alternatives when available. As allocation schedules are different for every distributor, we definitely understand you seeking these goods elsewhere, but hope that you will purchase from Bound Tree when able.
- **Manufacturing Contracts:** Bound Tree Medical has agreements with the large majority of EMS supply manufacturers. In the event that Chandler requires a specific manufacturer with which we do not have a relationship, we will attempt to effect an agreement with that manufacturer.
- It has been our experience that these sorts of situations arise infrequently. However, should Bound Tree Medical not be able to mitigate these circumstances, we definitely understand you seeking these goods elsewhere.
- In the event of backorders, Bound Tree Medical's system will automatically look to ship product from an alternate distribution center where available.
- In the event of manufacturing contract issues: Bound Tree Medical will attempt to establish contracts with manufacturers used by Chandler. In the event we cannot come to an agreement with a desired manufacturer, Bound Tree will offer alternatives, and will certainly understand if Chandler desires to seek elsewhere.

CUSTOMER SERVICE APPROACH

BTM recognizes that time is of the essence to our emergency care customers. Generally, orders received and processed before 2:00 pm local time are shipped the same day. We have a dedicated team that processes all incoming orders as well as a group of Customer Service Representative's answering phone calls to accept orders and answer questions.

CUSTOMER ADVOCACY

The Customer Advocacy Program is a program where advocates review transactional data but with the customer lens. We call it a white glove service or extra tier of dedicated customer service. As an advocate customer, an assigned staff member will review the customer fill rates, what is available, what is shipping from alternate locations and work closely with the buyers to ensure inventory availability wherever possible to fulfill the customer's need. The Advocate will then generate reports for review on Bound Tree performance in additional areas such as holds applied to orders and timing / accuracy of the customer order; if errors are found, they will find why and help to remove the challenges. The final metric we look at as an advocate is of the total lines ordered what percent did we ship complete same day from the customer's default warehouse.

OVERVIEW OF BOUND TREE'S ORDERING PROCESS

Orders may be submitted via the below methods:

Phone: 800-533-0523

Fax: 800-257-5713

Email: customerservice@boundtree.com

Web: www.boundtree.com

Please find additional Customer Service and ordering information at the end of this tab

DELIVERY AND ARO

Below are the standard delivery methods that will be employed by Bound Tree Medical to support an award from Farmington Hills. The Standard delivery days is provided assuming receipt of order is placed prior to 3:00 p.m. EST. Each day, placing orders prior to 3:00 p.m. EST. Helps to ensure that they are placed into fulfillment same day.

Standard Delivery

Small Parcel

- Delivered by FedEx Ground
- Standard delivery from primary warehouse is 1-2 day

LTL Freight

- Delivered by R& L Carrier
- Standard delivery from primary warehouse is 1-2 day

Expedited Delivery

Small Parcel

- Delivered by FedEx Next Day
- Additional costs are dependent on actual dimensions and weight of cartons shipped

LTL Freight

- Delivered by R& L Carrier
- LTL –Next Day

On Time Delivery

Below are the standard on-time delivery and stock-out data from contracts or customers of similar size and scope to Chandler Supplies bid.

On Time Delivery rates

FedEx Ground - 98.5% on time

LTL via RL Carrier - 98.1% on time

STOCKING CAPABILITIES AND INVENTORY CONTROL METHODS

STOCKING CAPABILITES

- 5 warehouses located nationwide with full capabilities to receive, store and ship
- Same or next day shipping availability on stocked items.
- Climate controlled storage capabilities.
- Well-stocked inventory for customer's needs, including safety stock for any emergency and un-forecasted requirements
- Bulk storage available
- In the event of an emergency or natural disaster, multiple locations are licensed to ship to all states as an alternative to the primary shipping warehouse.

Inventory Control Methods

- Establish monthly usage to determine stocking policies (order point or buy to order)
- Maintain an inventory/demand planning system that is driven by analysis and forecasting by buyers.
- Demand planning system utilizes lead times and safety stock levels to ensure product delivers before it is needed so items arrive in time for use.
- Ability to drop ship orders direct from manufacturer

MANAGEMENT OF OBSOLETE ITEMS

Bound Tree Medical defines an item to be obsolete when there has been no movement for two years. Before an item is considered obsolete, it is first deemed "excess" inventory. This inventory is reviewed in the overall network and then broken down to see if there is usage in any particular warehouse where product can be transferred. Once an item's sales have begun to decrease or slow down, the buyer may reach out to the vendor for a product return. If fees are assessed, Samova will absorb these costs for shipping and restocking. If an item becomes obsolete then it will go through an internal workflow process.

PROCESS OUT OF STOCK/BACKORDERED ITEMS

Information describing the process for out of stock/back-ordered/extended ship times items is illustrated below. Please note screenshots from our website illustrating the automated communications received through our online ordering system.

Based on feedback from our customers, we have enhanced our transactional communication over the past year. Although we have always provided some level of notification to our customer, the amount of information and scope of customer we send it to has been expanded.

Some of the key changes/enhancements we have rolled out in FY18 are:

- Added ETAs for backordered items
- Added tracking numbers on all shipments
- Photos of products in all order communication emails
- Backorder notifications sent weekly if changes occur in original ETA
- Shipment notification and backorder notification for all order types, not just web
- Timing of shipment notification changed to coincide with actual shipment rather than invoicing

The following highlights automated email notifications you will receive:

- Order Confirmation – acknowledges receipt of order, confirms lines
- Order Status – sent within 20 minutes generally, shows inventory status including ETAs for backorder, shipping location, etc.
- Shipment Notification – sent nightly for shipments made that day and includes tracking number that link directly to FedEx
- Backorder Update Notification – sent weekly for any back order with changes in original ETA

Below are examples of automated email notifications and communications.

Self-Service Account Management Features

- Enhanced Account Dashboard – Convenient location and display of order history, supply lists, reports and account-specific info makes checking-up on an account's activity easier
- Improved Supply List Usability – Supply lists are sharable between individuals within an account, making it easier for you and the account to set them up and use
- Account Customization – Now available to all on request, customers can set quotas, par levels and permissions at ship-to level and even create custom catalogs, to truly customize their web ordering processes
- Check-Out – Now four easy steps all on one page, so customers can check-out more quickly
- Mobile Responsive – The site now displays effectively on small mobile devices for ease of anywhere shopping/ordering, even when out on a run
- Onsite HELP – The Help section of the site provides easy to view, self-help guides on website functionality

Enhanced Search and Product Details

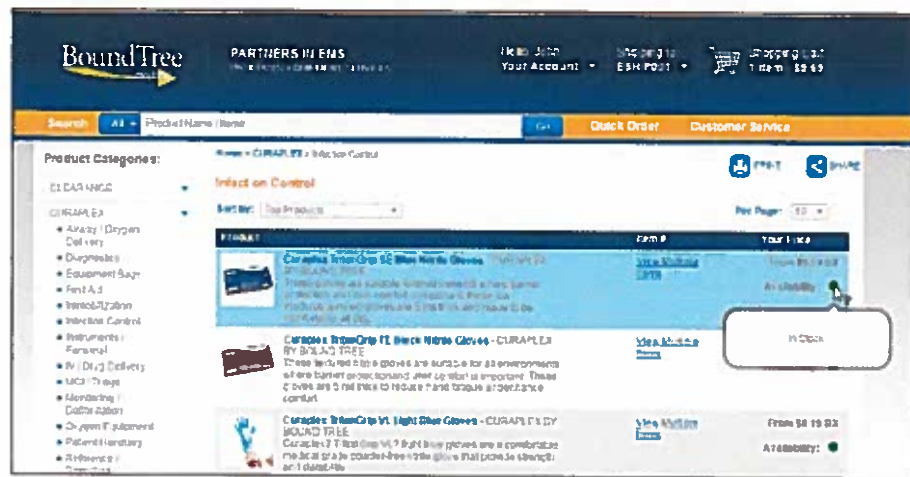

- Faceted Search – This feature gives you the ability to narrow down searches with criteria to find items more quickly
- Product Comparison – Easy way to compare up to four items, displaying product features side-by-side to aid in product selection
- Product Photos – We've provided more and larger product photos to make identifying and selecting items more visual
- Product UOM – UOM is now clearly identified and selectable for each product, leading to fewer ordering mistakes!
- Product Info – Robust product descriptions, additional flyers and videos are added to the product pages, with related accessories and replacements listed on the product page for ease of shopping
- Product Availability – Inventory status displays wherever the product is shown on the site and customers are promoted to log in to see their availability

Below is a detailed illustration on how our product availability works on our website.

Seeing product availability is easy!

Simply hover over the availability icons on search results, supply lists, saved carts, and product pages to see product availability in real time.

BOUND TREE MEDICAL WEBSITE & ACCESS

www.boundtree.com

Farmington can link to their account by registering and selecting "already have an account". Enter their Account Number and Billing Zip Code. Registering will allow you to see your pricing and stock availability.

The Bound Tree website gives you full control over your account. You can place orders, review order history, and run purchase summary reports when it is convenient for you. You can also easily access the items you order most frequently by utilizing supply lists, saved carts or previously ordered items. These features make your online shopping experience quick and easy.

We want to make your online shopping experience even easier! Utilize our inventory status feature to see product availability before you place your order.

Customer Service and Ordering

Bound Tree Medical is focused on providing service to meet the needs of our customers throughout the United States. We have a deep commitment to help those that help others. The specialized market that we serve drives us to create the best possible solutions for our customers. We are here to serve you.

Our nationwide toll-free Customer Service line is 800-533-0523. Bound Tree Medical routes calls by origin of the zip code of the caller which, results in more customer awareness among those agents responding to customer calls.

There are a variety of methods to place orders and verify pricing:

- 1) **Internet:** Customers have access to real-time pricing and stock availability 24 hours a day, 7 days a week. www.boundtree.com
- 2) **Email:** Orders may be emailed to customer service at customerservice@boundtree.com.
- 3) **Phone:** Our dedicated team of customer service representatives can answer questions or take your orders from 7:30 AM to 8:00 pm EST.
- 4) **Fax:** Our nationwide toll-free fax line is available 24 hours a day at 800-257-5713.
- 5) **Mail:** Orders may be mailed to our corporate office. An order form is included in the back of our catalog for convenience.

The Customer Service Department is comprised of 45 staff members. Customer Service Representatives respond to inbound calls and make outbound calls to customers to provide information regarding product availability, shipment and delivery schedule changes. These same representatives are available to answer questions about shipments or process returns when necessary.

If an item goes onto a long-term backorder, Bound Tree will work to find equivalent substitute items for the backorder. If it is the customer preference to approve all substituted items, Bound Tree Customer Service will seek approval prior to shipping sub items.

Bound Tree Medical allows customers to purchase on open account. The proper account application must be completed and submitted. Bound Tree Medical will assign an account number to each application. Each account has one billing/payables address but may have several shipping/receiving addresses. Customers may purchase by Master Card, VISA, Discover or American Express. Prepaid orders are also accepted.

Boundtree.com Overview

The Bound Tree website offers advanced ordering and account management features to help you easily manage your supplies 24/7 via desktop, phone or tablet. Your Account Manager and Customer Care representative can provide training and help you get set-up to utilize these robust site features to save you time:

Shopping/Purchasing

- **Mobile Responsiveness** – The Bound Tree website is fully responsive to any size media screen making it easy for you browse and purchase directly from your tablet or phone.
- **Search** – Search by item number or key word. The filtered search option allows you to narrow down your search by selecting multiple criteria like manufacturer, price, color, size, and more.
- **Product Pages** – Robust product descriptions, large photos, specification charts, videos and downloadable collateral provide details on products so that you can make informed decisions.
- **Product Availability** – Log in to see real-time inventory status on products throughout the site.
- **Product Comparison** – Easily compare product specifications for up to four products by clicking on the compare box next to any product listing.
- **Supply Lists** – Supply Lists allow users to access quickly the products they need to order with only a few clicks. When signed in, Supply Lists can be created easily from the Supply Lists page, a product detail page, the Quick Order form, or the Shopping Cart or simply upload a list. Denote your favorites for quick access and share lists with other users in your account.
- **Quick Order** – Quick Order enables you to order items quickly by simply entering a Bound Tree item number and quantity into a form.
- **Browsing History** – Signing into your account allows you to track and view the last 5 products that you looked at.
- **Checkout** – Checkout is just four easy steps on one page, so you can check out more quickly.

Account Management

- **Account Dashboard** – The Account Dashboard is home to your account information and settings. Access the things you care about most, like the status on your most recent order, your outstanding balance, and your favorite supply lists, quickly in one location.
- **User Management** – Add or remove users to your account, change permissions, and enable or disable your account registration access.
- **Order History and Invoices** – View and search order invoices from your Order History reports.
- **Saved Credit Cards** – Saved credit cards allow you to select a saved card during checkout rather than retyping your information every time you checkout.
- **Saved Carts** – Items added to your Shopping Cart will be available from any computer that has been signed in to your account.
- **Quotes** – View available product Quotes from your Account Dashboard.
- **Download as Quote** – The download as a quote feature allows you the ability to download your cart as a Microsoft Excel file and easily send the file to your Account Manager for a quote or use it internally to get a purchase order created within your organization.
- **Previously Ordered Items** – View, search, or add Previously Ordered Items directly to your Shopping Cart or Supply List.
- **Tracking Information** – Look at the tracking information on your orders so that you know when to expect them to arrive.
- **Reports** – View or download customized reports, such as Purchase Summary, Purchases by Month, Backordered Items, DSCSA Transactions and more.

Account Customization

- **Custom Categories** – Set-up and display your own custom categories for your users only.
- **Quotas** – Quotas are a quantity budget that allow organizations to cap the number of products user accounts can purchase in a certain period.
- **Par Levels** – Par levels allow organizations to set what quantity level their organization must keep in stock at all times.
- **Purchase Requests** – Send the contents of your Shopping Cart to other members within your organization for approval to purchase.
- **Replenishment Orders** – Replenishment Orders allow you to schedule regular deliveries of your favorite supplies and eliminate the need to frequently place the same order. You control how frequently the order is replenished and we take care of the rest.

Help and More Content

- **Online HELP** – Easy to view, how-to guides on website functionality located on the site for your convenience.
- **Online Catalogs** – View, download or request a printed catalog online.
- **Bound Tree University** – Bound Tree University is an educational resource located on the site that features free CEUs, articles, and videos on topics like cardiac care, sepsis detection, mass casualty incidents, and many more.

EMS SUPPLY ORDERING PROCEDURE

In an effort to simplify the ordering process, stations will now order most of their EMS supplies through the Bound Tree + website. The new ordering site is very similar to what we have been using and is accessed from the same login page on Bound Tree's site.

Placing a Weekly EMS Supply Order

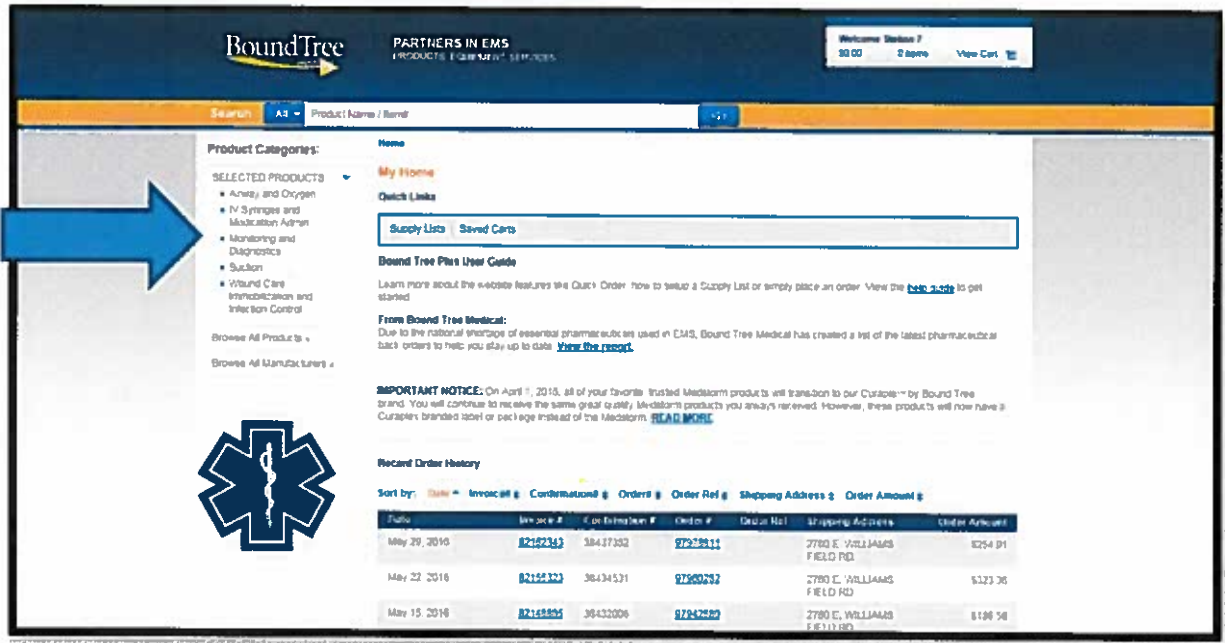

Open <http://www.boundtree.com> and select "Login" towards the top right of the screen.

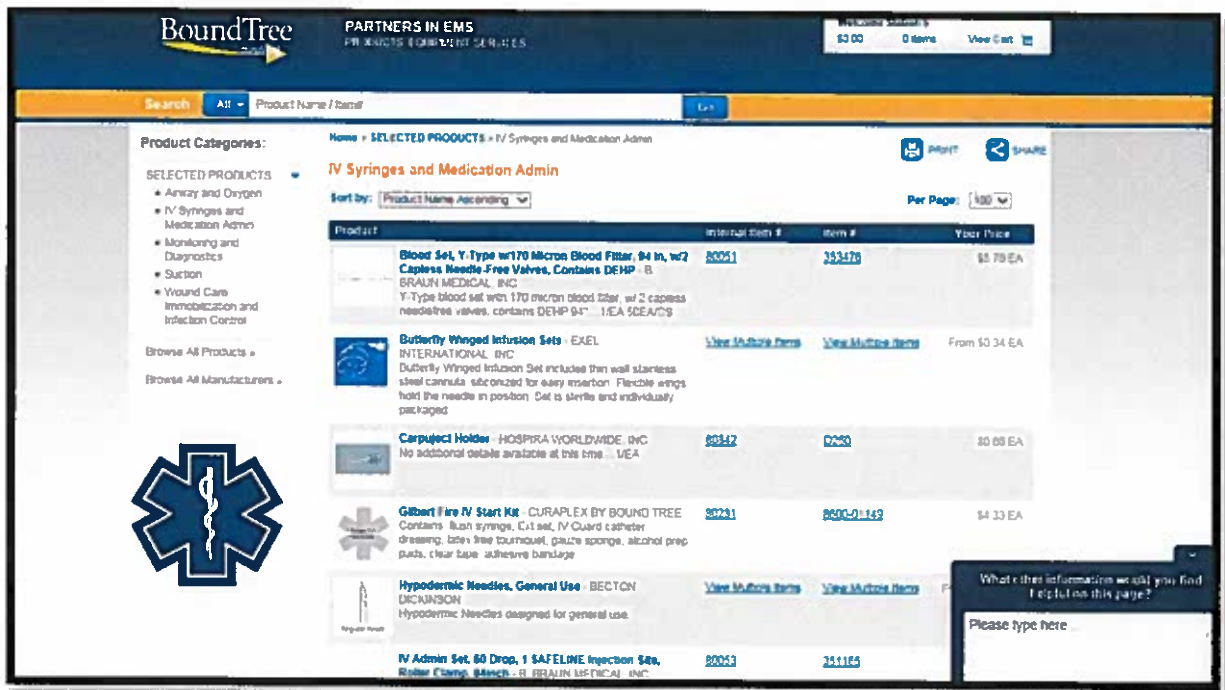

To login enter a Username and Password and hit the Login button. The Username is specific to the station you are ordering from, for example, for *****!, for ***** *****!. The password for all stations is now *****!

The supply lists are now located on the left side of the ordering screen and are very similar to the previous lists. Click on the desired category to see the items available.

Once a supply list is open, scroll down to find the desired item and click on it to open.

If the item you selected is available in different sizes such as IV catheters, you will see them listed and you can enter the desired quantity for each.

PLEASE NOTE: In some instances, product photos may vary from actual product models, sizes and/or colors listed below.

Product Usage Information (Last Updated: 8/12/2016) [View Usage Report](#)

To Whom It May Concern:

Bound Tree Medical is excited to work more with Farmington Hills and its members. We wanted to make clear that our company is dedicated to providing more than enough support to ensure the highest level of customer satisfaction.

One of the metrics Bound Tree uses to evaluate how well we deliver delight to our customers is by using the Net Promoter Score system. To obtain the Net Promoter Score, we surveyed **1756** customers, based on responses to a single question: *"On a scale of 0 to 10, how likely are you to recommend this company's product or service to a friend or a colleague?"* Scores range from -100 to 100. **Bound Tree 2018 Net Promoter Score: 48.6.** To gauge this with other companies, here are some reference points from a study completed this year: Amazon 59, Apple 47, McKesson -4, Henry Schein 15, Cardinal 5 and Owen's and Minor 4. Through Net Promoter System, we identify areas of opportunity and requests for innovation that have a significant impact on our customer's commitment to their services and communities. With our mission to be the best partner to those who improve and save lives, we make the survey responses actionable and drive to resolution through every functional team at Bound Tree.

Additionally, numerous individuals will constantly be working on Farmington Hills. To name a few:

- Brian LaDuke – President
- Tim Rubert – Vice President Sales
- Don Adams – Regional Sales Director
- Paula White – Regional Sales Director
- Bret Perz – Sales Manager
- Mary Gillie – Sales Manager
- Dan O'Brien – Account Manager
- Ed Draper – Account Manager
- Tony Borghese – Account Manager
- Rini Harris – Account Manager

If you have any further questions about Bound Tree Medical's services, capabilities, or support, please contact one of the individuals listed below.

October 21, 2019

City of Farmington Hills
Department of Central Services

Dear Kelly Monico:

Bound Tree Medical knows that Healthcare is ever changing and the pre-hospital setting is transforming faster than ever before. Patients are presenting more challenging clinical cases while continual budget compression leaves you to do more with less. The increased pressure to track supplies, manage your fleet and provide staffing, makes managing your service more difficult than ever. Our goal is to help you meet all your supply and clinical support needs while driving efficiencies and helping to stretch your resources further.

Controlling product cost is a very important piece of our proposed solution, but we also recognize that time is money. Our proposed solution includes, but is not limited to the following:

- Bound Tree Medical has industry-leading, pricing and contract teams to ensure The City of Farmington Hills Cooperative is receiving products at highly competitive prices. This, combined with our buying power helps to keep your cost of goods low.
- Exceptional manufacturing partner relationships that allow us to receive all-customer, and customer-specific rebated pricing which will further reduce your product costs.
- High quality, private label products, at lower costs through our extensive, and ever-expanding Curaplex line.
- Best-in-class customer service, from the ground up.
- Bound Tree is offering at The City of Farmington Hills Cooperative valuable inventory and asset management solutions to increase operational efficiency and accuracy, reduce liability and positively impact your bottom line at little to no cost. We have partnered with industry-leading technology companies to offer you solutions that will enable you to streamline your ordering process and better manage your inventory. These are outlined below.

During a 1 on 1 meeting ED Draper will review the needs of your business to determine which of the below combinations of inventory management technology would bring the most value into your organization. Once the combination has been reviewed he will be able to provide that solution at little to no cost.

Operative IQ Asset Management

Operative IQ inventory management solution is designed specifically for the EMS industry. Inventory management eliminates user error while adding accountability. By replacing manual paper processes, Operative IQ's inventory management tool provides tracking of medical supply expiration dates and lot numbers, station inventory and vehicle inventory.

With Operative IQ, asset management, controlled substance tracking and fleet maintenance are all controlled and connected through one system. Asset management empowers you to know the location and history of your asset maintenance, store documents online, generate reports and quickly check assets out and verify their location. Controlled substance tracking enables you to replace your current paper logs with a more secure system. It provides the needed capability to track your narcotic boxes, expiration dates, lot numbers, and easily create reports on the possession and movement of controlled substances. Fleet maintenance connects your frontline crew with your fleet manager by tracking and scheduling vehicle repairs and routine maintenance based on crew member inspections. Crew members can report mileage, fuel costs, damages and vehicle service requests. Inspections completed using the Operative IQ check sheet make it easy to generate reports that keep vehicles in service while understanding their cost per mile.

Operative IQ is directly integrated with Bound Tree Medical's Order Management System which allows for easy and accurate ordering. Operative IQ will build your order form/PO as items are moved from the

upstairs storage area to the binning/kitting room. When the order form/PO is authorized and sent through.

UCapIt Controlled Access Medical Supply Dispensing

Maintaining and ordering pharmaceutical items can be a major supply room and regulatory concern. Bound Tree Medical offers the UCapIt Controlled Access Medical Supply Dispensing solution to successfully mitigate the challenge. This system helps monitor and track accountability for access to controlled substances, narcotics, pharmaceuticals, and durable assets and helps ensure that items with expiration dates are used in a timely manner. Usage reports, restock lists and other inventory reports can be generated for integration into billing/tracking software. Annual savings using the UCapIt dispenser have been realized up to 30% related to shrink, expiration management and overhead. The UCapIt software integrates seamlessly with Operative IQ.

Both Operative IQ and UCapIt dispensing solutions are rapidly becoming/have become industry standards in controlling inventory and managing assets. Bound Tree Medical has many customers nationally that use these products, both singularly and in tandem. Bound Tree Medical is the sole source for UCapIt dispensing solutions.

Controlled Substance Ordering System

The Controlled Substances Ordering System (CSOS) was developed by the DEA for the electronic transmission of Class II controlled substances orders. Bound Tree offers this solution and it is the only allowance for electronic ordering of Class II controlled substances. CSOS allows for a significant reduction in the number of ordering errors, faster transaction times and lower costs due to order accuracy and decreased paperwork.

DESIGNED AROUND THE WAY YOU WORK

Inventory & Assets

- Manage Overall Flow of Supplies
- Vehicle, Station & Gear Checks
- Stock Levels Driven Supply Usage
- Integrated Purchasing & Approvals
- Track Expiration Dates

Narcotics Tracking

- Replace Paper Logs Electronically
- Complete Chain-of-Custody
- Narcotics History Details Visible
- Log Transactions on Any Device
- Secure Verification Options

Fleet Maintenance

- Work Order Tracking
- Scheduled Maintenance
- Field Level Repair Requests
- Custom Maintenance Forms
- Maintenance History
- Geotab Telematics

Implementation Support

- Web-Based Training
- Onsite Training
- Turn-Key Site Build Option
- Internal Knowledge Base Included
- Unlimited Support

Service Desk

- Internal Support Ticket System
- Easily Resolve & Document Tickets
- Seamless Two-Way Communication
- Route All Department Issues

IQ Genius RFID

- Real-Time Asset Location
- Missing Asset Alerts with GPS
- Increase Speed & Accuracy
- Real-Time Inventory Updates

Operations Management in the Palm of Your Hands

Operative IQ goes beyond standard warehouse management software by continuing to track inventory and equipment in the field providing you with complete visibility across a distributed supply chain. This unique cloud-based solution seamlessly connects field personnel to management through our Check Sheet application and Back Office.

Designed for First Response and Public Safety professionals, Operative IQ understands your daily demands and provides you with streamlined processes to help you get more done in less time. Your crew uses our Electronic Check Sheet to conduct rig checks, equipment & gear inspections, inventory counts, report issues and much more from any smartphone, tablet or computer. Electronically track and report on Inventory & Assets, Fleet Maintenance and Narcotics Transactions in real-time from any device.

Join the thousands of professionals managing their day-to-day operations with Operative IQ and find immediate cost savings with minimal investment in a trusted, innovative, platform designed to meet your demands.

EMS Technology Solutions, LLC / 3771 Tramore Pointe Pkwy, SW, Austell, GA 30106

Hear from Operative IQ Users:

“Our original, annual EMS supply budget used to be \$250,000. Operative IQ has dropped it to \$190,000 per year. The savings we’ve seen have allowed us to reduce our operating budget as it pertains to both EMS and fire.”

- *Tim Sweat, Assistant Chief and CFO, Clayton County Fire and Emergency Services*

“Within 9 months we were able to reduce our inventory overhead by 65%, and then an additional 10% by integrating multiple suppliers to help reduce cost since the beginning of 2017. We used to over order supplies but with Operative IQ we can closely monitor usage and minimize the loss of outdated items to order the ideal stock levels without fear of running out.”

- *Chris Venters, Russell County EMS*

“I’ve got much, much better accountability across the board, I know where my controlled substances are all the time. So that’s huge.”

- *Michael Baker, Tulsa Fire Department (On Narcotics Tracking)*

“We found many companies that wanted to sell us a product, but none of them could compare to Operative IQ. The customer service and dedication that Operative IQ provides is second to none. We found no other companies with the willingness to adapt to what our needs were.”

- *Mark Hopper, Pike Township Fire Department*

“Operative IQ accelerated everything we were doing. Our audits don’t take any time at all; within 90 seconds, you’ve got [access to] all documentation that was done and the reporting can show all the details you need.

The best thing is that you can track a vial from birth to grave, and it’s all electronic! Within seconds, I can see an audit log of any unique substance. [I can see] where it’s been, who performed the transaction the person that administered, the person that issued the narcotic, and the person that received it. Everything is captured.”

- *Michael Potts, Logistics Manager, Medstar Mobile Healthcare*

“Honestly, I think if I were to compare Operative IQ to some of the other software we use around here, it’s probably one of the more user-friendly. I definitely think it’s a great software. I think it leans toward fire service and lines up well with it. We do like it, and we do appreciate the support and [onsite training] that came out to us.”

- *Josh Mandolini, Fire Captain, Big Bear Fire Department*

Controlled Access Pharmaceutical Dispensers

**24/7 Controlled Access
True Inventory Visibility
Real Time Reporting**

A unique solution to today's challenge of controlling access, tracking inventory and dispensing of products according to access protocol.

Your Solution to a Growing Problem

- Do you know what your on hand inventory is today? Do you know where it's located?
- Can you identify the people that have access to your medical supplies or pharmacy?
- If you had an internal shortage problem would you be able to track why?
- Are you able to ensure that only the people with proper credentials have access to controlled substances? Does your system meet the DEA requirements for narcotic controlled storage and reporting?
- Are you able to track lot numbers and expiration dates automatically? Are you able to see where expiring product is located in order to ensure it gets used and not wasted?
- How do you know when its time to re-order? Do you know what your par levels should be or your item turn over rate?
- How do you audit and provide reporting on your medical and pharmaceutical supplies today?

The Controlled Access Pharmacy or CAP allows EMS, Pharmaceutical, Veterinary and other medical professionals the ability to restock their units 24/7 and have real-time usage and inventory tracking. The CAP can check multiple forms of ID and will prompt for station or dispatch specific data. All withdrawals are cataloged, time stamped and regulated by tech clearance/training level.

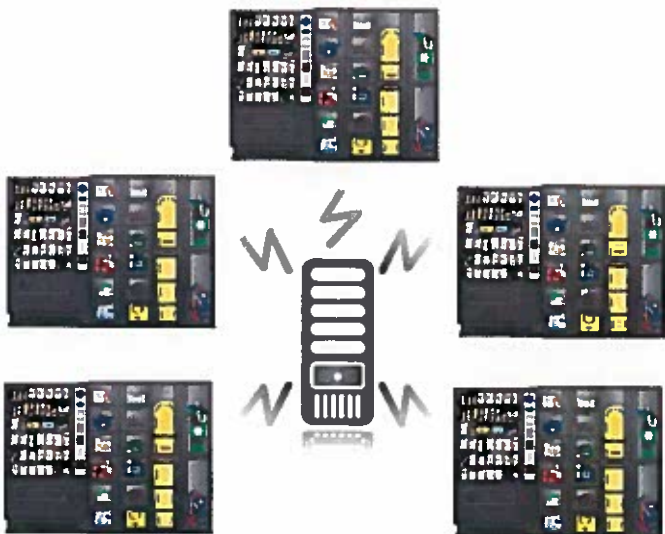

The CAP aggregates all dispensing history and alerts for low stock position, expiring product and creates a pick list for restocking. It will generate individual call reports based on products restocked. This information can be printed or exported to your Accounts Payable/Receivable or EPC Software.

Revolutionary Inventory and Tracking System

The Controlled Access Pharmaceutical Dispenser uses the latest inventory and tracking technology for instant recording, reporting and tracking of supplies.

- Authorized professionals can use existing identification methods and can include a combination of:
 - Pin number
 - Proximity card reader
 - Bar code ID scanner
 - Biometric (fingerprint) reader
- Dispensing data is available online 24/7 and accessible through a secure login
- Usage reports, re-stock lists, inventory position and many other management reports can be generated and printed online or can be exported to your desktop for manipulation or import into your billing/tracking or EPC software
- Dynamic checklists for ambulances, supply cabinets and other equipment
- Alerts can be sent to key personnel via e-mail to warn of low stock positions, expiring product, loss of Internet connection, power loss and more
- The CAP can be configured to control the temperature in a zone to maintain a constant level if necessary
- Cloud hosted software enables the CAP to track the inventory in your stock room or in your vehicles so that the complete chain of products can be tracked for reordering and expiration status

All Data is encrypted and sent via internet to secure cloud based server.

Easy to maintain machine inventory Par levels & products.

Our controlled access pharmaceutical dispensers allow service providers to increase productivity and reduce downtime by spreading out your single point of storage to your point of use. These dispensers provide secure machine-based management of consumable and returnable supplies.

INTELLIGENT CONTROL SYSTEM
State-of-the-art control system allows secure web based interface for 24/7 real-time reporting of transactions.

DURABLE SHELVES
Configurable to almost any package size in the field with no need for tools.
Full selection (5-3/4"W)
3/4 selection (4-5/16"W)
Single selection (2-7/8"W)

STANDARD LED LIGHTING
High visibility and high efficiency LED lighting option for dimly lighted locations.

EXTRA LARGE DELIVERY PORT
Even large packages are accessible through the extra large delivery port.

DURABLE CABINET AND DOOR CONSTRUCTION
Uniquely designed and constructed from 20 gauge steel, UCapIt Dispensers feature fully welded seams and internal bracing for long term reliable service.

ELECTRONIC DISPLAY
Communicates all dispensing and programming data to technicians and managers.

STANDARD SECONDARY PORT
For static instruction or secondary input modules.

MULTIPLE INTERFACES AVAILABLE
- Pin number
- Proximity card reader
- Bar code ID scanner
- Biometric (fingerprint) reader

RETURN PORT
For reusing dispensing bags or accepting expired product.

Our CAP 3 controlled access pharmaceutical dispenser allows stock and access of supplies in a small areas. A slim cabinet of under 30" lets this unit fit in tight hallways and alcoves while providing all the features and benefits of our larger units.

WE MAKE SURE OUR CUSTOMERS ARE SATISFIED

"We can now audit our usage and remotely poll stations in order to determine restocking needs! We are in compliance with the DEA regulations regarding narcotics and can pinpoint the location of all supplies from the pharmacy storeroom to the truck."

Rob Dehnert - NREMT-P Specialist - West Des Moines EMS, West Des Moines, IA

"The report tells me what I need to know, how many are expiring, where they are located and the name of the medication. I really like that I can run the report for 90 or more days because I order replacement medications 3-4 months in advance, plus my regular stock... so I know I won't run out. Now instead of having to do a count by hand at the end of the month or so I check them in when I receive them and simply run the reports I need."

Beth Hines - Captain - Onlow City EMS, Jacksonville NC

"We will pay for the machine in 2 1/2 years just based off of direct drug costs alone. That doesn't take into account man-hours spent doing inventory."

Shawn Treloar - EMS Battalion Chief - Sanford Fire Department, Sanford, FL

UNMATCHED RELIABILITY AND DURABILITY

Built in the USA, Intelligent Dispensing Solutions equipment incorporates over three quarters of a century worth of dispensing technology in a rugged and dependable enclosure.

Every IDS product is engineered for easy maintenance and high reliability. From the raw materials to final product, the commitment to quality sets the tone for the entire manufacturing effort.

Using the latest techniques including state-of-the-art computer controlled machinery and the highest construction standards, parts are stamped and formed, refined and assembled. Then every machine is checked and rechecked for optimum performance levels before entering service.

From raw materials, through assembly and final quality checks, CAP dispensing equipment is prepared for a long life of dependable service.

Manufactured in the Heartland, Des Moines Iowa.

**WHEN DISASTER STRIKES -
YOU NEED A PARTNER WHO HAS
BEEN THERE BEFORE.**

**BOUND TREE MEDICAL EMERGENCY
DISASTER SUPPORT PROGRAM**

If your agency is in need of emergency medical supplies and equipment, the Bound Tree Medical Emergency Disaster Support Program is here to help. This program enables you to call our Disaster Support Hotline 24 hours a day to report major incidents and identify medical supply needs. Once reported, Bound Tree Medical personnel will take immediate measures to assist in relief efforts.

GET HELP IN THREE SIMPLE STEPS

1. Report a major incident.

**2. Call the Bound Tree Medical
Disaster Support Hotline.**

**3. Receive emergency medical
supplies.**

Bound Tree Medical is the only national, EMS focused supplier in the country. We have a proven track record of supplying vital customer needs in situations from hurricanes, tornadoes and floods to MCI's. Our national presence and multiple regional warehouses stocked with products specifically for emergency preparedness make us the clear choice when every minute counts. To learn more about the Bound Tree Medical Emergency Disaster Support Program, contact Customer Service.

**CALL US FOR ASSISTANCE WITH
DISASTROUS INCIDENTS.**

Bound Tree Disaster
Support Hotline

800.863.0953

Need to report a major incident and alert us to your emergency medical supply needs? Simply call the toll-free Disaster Support Hotline at 800.863.0953.

Partners in EMS

In-Service Training

Our EMS-experienced Account Managers can provide quality in-service training and support to you and your department. Since they live in your area, they understand state and local requirements and protocols.

Advanced Online Tools

From free online continuing education courses at www.BoundTreeUniversity.com to elaborate online ordering tools at www.boundtree.com, we are focused on the most cutting edge technology that will streamline your day-to-day operations.

24-Hour Disaster Support

Our Emergency Disaster Support Program can provide relief efforts to agencies that require immediate deployment of emergency medical supplies. To activate the program, call 800-863-0953 and identify your needs.

Grants Support

Safety and patient care should never be compromised because of inadequate budgets. Our experienced grant writers can help you find funding opportunities for equipment, training, personnel and vehicles at www.boundtreegrants.com.

Passion and Perspective

At the heart of Bound Tree Medical is a team of employees who are passionate about EMS and the communities they serve. We have the experience required to meet your needs.

Bound Tree Medical is a specialty distributor of emergency medical equipment, supplies, pharmaceuticals and product expertise for fire departments, military, government institutions and other EMS organizations that provide pre-hospital, emergency care. We support our customers with our team of EMS-experienced product specialists, customer service representatives and local account managers, backed by strong vendors and a national distribution network.

From everyday disposable items to extensive capital equipment, we offer thousands of quality products from leading manufacturers to help our customers save lives. Our cutting-edge distribution model and five nationwide distribution centers allow us to provide prompt and accurate delivery anywhere in the United States. We are passionate about EMS and have developed specialty programs to demonstrate our dedication, including scholarships, grants support and disaster support. We strive to truly understand the needs and demands of EMS providers and deliver the products and services that address those needs.
