Member Wolfert asked if there was an addition. He stated that there was one room added in 2010. He wants to know how it was figured because he added up the sales in the last three years and the averages is not close to his value. Member Toupin asked about the particulars of the property and he said there was nothing special about his house. His house is very much like the other ones in the subdivision. 18. 23-16-326-002 – Nwakpah – Chairperson Crew read the summary of the property. Member Toupin asked if the basement was finished. She stated the basement was finished but not a walkout. Member Toupin asked about the terms of the sale. It was a market transaction. Member Toupin asked about the changes since the sale. They stated that they had to change the flooring in the basement due to a leak. They feel they should have appealed that year after the sale due to the uncapping. They feel the value should be closer to 310,000 on the high side. COVID has impacted many people including their company and their jobs.

Motion by Wolfert to reduce the value to \$620,000. Second by Crew.

19. 23-09-257-003 – Lasenby – Chairperson Crew read the summary of the property. Member Toupin asked about the construction in 2018 and whether there is a deck and landscaping. He stated it has a deck and landscaping. Member Toupin asked about the basement. He stated it is unfinished and daylight windows. Member Toupin asked about the contract price. He said it was \$624,000. Member Wolfert asked if it is a four car garage. He stated it is a four car garage. He presented some data as properties which sold recently that were as close as possible. There were not a lot of sales the same age as his house. He used the website, realtor.com, and Zillow to find the data sets. Houses sold between 2017 and now and then houses with more than 4 bedrooms and more than 3 baths. His lot is a little larger and his house was around 20 years newer. He also lacks a finished basement where most of these have finished basements. He does not have any additional services from the city than anyone else. Some of these properties are much more ornate than his based on the pictures. Member Toupin asked what he feels it should be worth. He states that he feels that the value has dropped \$90,000 since he purchased it. He says that maybe it is \$550,000 to \$560,000.
