FIREFIGHTER APPLICATION SUPPLEMENT

The Farmington Hills Fire Department currently operates a combination Department managing Career firefighters and Paid-on-Call firefighters.

All members of the Department are trained to be either State certified Emergency Medical Technicians or Paramedics. Non-emergency services may include fire inspections, public fire education, community service parades, and CPR instruction.

While we are not a traditional fire department, this unique approach combines the talents and resources of the entire community along with the expertise of the Career members. To become a part of this outstanding community effort, please complete the application and this supplemental form. An incomplete application may not be considered. We request that you include copies of training certificates, licenses, military service, diplomas, etc. and return the application in person to the Farmington Hills Fire Department at the address above or by email to hr@fhgov.com.

Please indicate with a checkmark if you have been certified or licensed in any of the following courses.
